DATE: July 15, 1987

Attached to this memo is a copy of the proposed expenditures budget for the Bloomington Public Transportation Corporation for Calendar Year 1988.

Operating expenditures are budgeted to exceed those in CY1987 by approximately \$120,000. The majority of this difference is committed to the BPTC's plan to institute transportation services for the City's disabled sometime within the first quarter of 1988.

Other reasons for the increase are the projected costs of operating the BPTC's new terminal facility at Fourth and Washington Streets (which should be completed by October of this year); continually high insurance costs; and a general wage increase called for in the BPTC's collective bargaining agreement. Also contemplated for 1988 is \$300,000 in bus fleet replacement costs.

The bottom line is a projected .225 property tax rate to support BPTC activities through the end of next year. As usual, if you have any questions, or are in need of any additional information, please call me at anytime at the BPTC administrative offices at 332-5688.
